

Grade 4 Mrs Page
Lacy School Warren Pa

1979

Spring

Spring, Spring, its here o
Spring - when the sun is out,
I love to play in spring.
Its a beautiful time!
Oh, I love spring o

Kathy L. Kavala

- Trees and Nature

When I think of summer
I think of flowers and trees
and love too perfect,
Blowing oak summer breeze.

Rick Clark

Snakes

Once I raked a snake.
I held it in my hand.
It escaped, but I caught it.
I put it in a pan.
It looked too beautiful to keep.
and so I let it go.
by Justin More

Stars

I like twinkling stars.
I also like the planet Mars.
All through the night
Stars shining bright.
Aren't they a beautiful sight?

Mary Lou Staffer

Snakes
I like snakes
Because they squirm,
When they're hungry
They'd like a worm.

Rick Tudor

Air

Air is here, and air is there,
Air is almost everywhere!
Air around the corner,
Air up the street,
Air is on the earth,
We need air to breathe.

Andy Knowlson

Hot And Steaming Sticky Syrup

The hot and steaming sticky syrup
Oozing from the maple tree,
Sliding, gliding, doing it
all for me

Nestor Bleech

Red White and Blue

The red on our flag is as red as a rose,
The white is like snow when it freezes your toes,
The blue is like water when swiftly it goes,
The colors are rippling when the wind blows,

Monica Lynn Wineriter

Dard & Horta

 Dard & Horta are spacemen!
They live on planet Mars.
They fight evil spacemen
as evil as can be!
They are so strong!
They cream them all!

David Krogler

Bunnies

Fuffy, puffy, cottony tails
Blue eyes, green eyes, pink and
pale

Nichelle Burlingame

trees

trees are small,

trees are tall.

I'd like to climb so high.

Until I touch the clear, white
sky.

Todd Jordan

The Wind Through the Willow

Wind through the willow,

Rapping against the window

and siding of our house,

Cracking and snapping.

Pat Heller

Growing Flowing Trees

I like it when the water's flowing,
And when the wind is blowing.
I like it when the trees are growing
In the wind that's blowing,
In the water flowing,
I like the blowing, growing, flowing
trees.

Shelley Hoag

Motorcycle

I like my motorcycle
Riding in the mud,
Doing high jumps;
Sliding in the slope;
Getting cooled off
Splashing in the water

Terry Stuart

Bee

Bee buzz
Balls of black and
yellow fuzz
In the spring
They like to sting.

Mike Swanson

Cats

Some cats look like snowballs
And some have fuzzy tails.
Some cuddly cats do summersaults,
And some cats fall in pails.
Bethany Bradish

Spring

You can tell when spring is here.
The trees have wavy hair.
The clouds are fluffy, puffy balls
floating in the air.
The sun is yellow, as can be.
What a beautiful sight to see!

Kimberly Jeskey

Spring

Spring is a wonderful time of year
And I enjoy it when it is here.
The buds pop out when spring is
near
Too bad it comes just once a year

Todd Ristaw

Beyond the Ridge

Toy-sized tractor, tiny farmer,
Framed against a bright-white sky,
Crawled across the knife-sharp hill's edge.
Farthest point that I could see —
Turned and went beyond the ridge —
And he was gone.

Mrs. Page

Birds

I like birds,
Red ones, blue ones,
Black ones, yellow ones,
Singing music
in tall, green trees.

Scott Nowacki

Fishes

Fishes, Fishes, I love fishes,
Big ones, thin ones,
I love fishes,
Wet and slimy ones,
Silvery, dashing ones,
Shining in the sun.
miss Lynn Biggs
